

VIGNOBLES MOURGUES

## HECLA Sauvignon Blanc 2022

### IGP Atlantique

#### Blend

100% Sauvignon Blanc

#### Vinification

2022 was a solar vintage in Lot-et-Garonne, with high temperatures and little rain, which produced aromatic white wines, with a great balance between acidity and fruit. For this cuvée, the grapes were selected from the best vines of the family Estate. The clusters are meticulously harvested by night to benefit from cooler temperatures, optimizing the quality of the juices. A delicate pneumatic pressing is completed as soon as the grapes arrive at the winery. It allows the extraction of maximum freshness and fruit aromas in the musts. The alcoholic fermentation takes place in temperature-controlled stainless-steel tanks to preserve the freshness and the citrus aromas, typical of Sauvignon Blanc. The final blend results in a fresh and crisp wine, with subtle acidity and fruit profile.

- Palate: fresh and lively, with a natural sweetness, notes of fruit drop and aromas of citrus fruits, especially lemons and lychees.

#### The heritage of Vignobles Mourgues: a family story.

The family Estate of Vignobles Mourgues is located in the Entre-Deux-Mers region, about 80 km east of Bordeaux. The current manager, Jérémy Mourgues, was only 25 when he joined the family business in 2005, after his studies. His grandparents and his parents passed on the family values to him: humility, hard work and perseverance. The property is HVE (High Environmental Value) certified, testifying to the Mourgues family's commitment to sustainable agriculture and to environmental preservation practices, to value the precious land of their ancestors. The Estate extends over 395 hectares: 315 hectares in AOP Bordeaux and 80 hectares in IGP Atlantique. The HECLA range is a series of single-varietal wines, and the brand HECLA was named after the two Jérémy's young daughters, HEloise and CLArisse, who inspired the creation of this non-conformist range of terroir wines. In 2019, Jérémy acquired and modernized a neighboring winery to produce his own bottles of wine, using the best grapes selected from his vineyards. With his consultant-oenologist Florent, they enjoy making wines for gastronomy and sharing, fruity and generous, that reflect the magnificent terroir on which the grapes are grown. They can also count on the valuable advices from the experts of Hubert de Bouard Consulting.
